Learning for Life

Year 2 Street Science Incursion

Dear Year 2 Parents & Carers

On **Friday 24th October**, Year 2 will be visited by the team from **Street Science** to participate in their *Signature Science Show* and *Rocket Science: Push/Pull Power Workshop*. The incursion will further develop their understanding of science, offering highly engaging opportunities for extension of the topics being explored in science this term.

The Science Show uses memorable demonstrations to guide students in an exploration of ways to combine and describe Earth's resources, and the effects of applying forces to objects around us.

In the Workshop students investigate Newton's laws of physics by building and launching CO2 rockets in an unforgettable exploration of push and pull forces.

All activities have been tested for safety and their class teacher will supervise students. The workshop will be run by experienced and registered presenters.

Incursion Date: Friday 24th October 2025
Cost: \$18.00
Permission: To be completed in the QParents app.
Approve if attending, Deny if not attending.
Payment due date: Tuesday 14th October

Kind regards

Year 2 Teachers
