## Year 1 STREET SCIENCE

### Signature Science Show & Get it Growing Workshop

Dear Parents & Carers

On Wednesday 13<sup>th</sup> May, Year 1 students will be attending a wonderful science incursion presented by Street Science. This incursion will be held during school hours at school and will provide highly engaging opportunities for enrichment and extension of the concepts that students will be exploring in our science units this year.

**The Signature Science Show** is a highly engaging, interactive show, based on the concept that science is everywhere around us. Emphasis is placed on describing observed changes to materials, and sensing light and sound from its source.

In the **Get it Growing Workshop** learners explore the different parts of plants and relate each to their function. Then it's time to get their hands dirty and pot a real plant with everything it needs to grow at home or in the classroom.

**Date:** Wednesday 13<sup>th</sup> May

**Cost:** \$18.00

**Payment due date:** Wednesday 6<sup>th</sup> May

**Permission:** To be completed on the **QParents app**.  
*Approve* if attending the incursion, *Deny* if not attending.

Yours sincerely

Year 1 Teachers
